

AMBLESIDE

DISTILLERS

BUILT FROM THE GARDEN UP

Ambleside Distillers was founded by a family passionate about sourcing local since day one, from our Australian made Copper Still to the botanicals grown in our distillery garden.

We use the traditional method of single run vapor infused distillation to craft spirits that capture the essence of local produce and bring our passion for craft distilling together.

Together, the family behind Ambleside have created an authentic and local Australian distillery that celebrates some of the finest botanicals our country has to offer.

#amblesidedistillers

BOTTLES

	375ml	700ml
SMALL ACRE GIN	45	79
<p>Small Acre, big flavour. 12 unique botanicals make up this gin, most of which we grow ourselves in the distillery garden or source locally. Small Acre is savory and aromatic.</p>		
NO. 8 BOTANICAL GIN	45	79
<p>No. 8 showcases the citrus profile of South Australian organic Riverland oranges. This botanical gin is smooth and soft on the palate. No. 8 is our recommendation for a refreshing and zesty G&T on a sunny day.</p>		
BIG DRY GIN	48	85
<p>Big, dry and peppery - but not too spicy. Big Dry has notes of rosemary and thyme. What sets this gin apart is the jalapeno that gives an extra kick. The intense & robust flavours complement the dry taste of the juniper berries.</p>		
THREE PACK	128	
<p>3 x 375ml bottles of each of our Gins.</p>		

Bottle prices are for retail purchase only.

KEEP IT SIMPLE

The best way to taste and understand the flavour profiles of our spirit is through one of our tasting flights. We recommend a flight followed by our signature G&T's with your favourite gin.

FLIGHT OF THREE **20**

A 15ml pour of our three gins, served neat with a bottle of tonic water, garnishes & ice on the side to mix your own G&T
